When CAT goes to work, you have:

- No checks to write
- No stamps to buy
- No trips to our office or post office
- No worries about an unpaid bill while you are away or ill
- More free time (Did you know the average person spends 50 hours/year paying bills?)
- Extra money! You'll save 1% on each monthly bill.

You will continue to receive your PTCI statement and have time to review it before it is paid. Your monthly payment will be made automatically and proof of payment will appear on your bank statement.
